

NEW VERSION RELEASE NOTIFICATION

REGIS new version release

Date and Time:

Monday 19 August 7am-9am

Event:

REGIS (www.regis2.health.nsw.gov.au) will have a new version released to the production environment.

What is the impact to end users?

A number of fixes have been identified in production and as a result a number of 'hotfixes' have been implemented to address the following:

Internal	From Address - ACT Health email address configured
Internal	Ethics Pathway Tags are not showing on site applications not associated with the HREC
External	Unable to change REGIS username when an invitation already had been sent to the new username
Internal	Amendment approval email lists incorrect site
Internal/ External	Application has not changed to "Information Provided" status when application had been submitted without HOD support

The following areas have undergone optimisation in relation to system performance (speed):

Internal	Downloading documents (deployed as a part of the 7 Aug release)
Internal	Application: Search – with more optimisation dependant on user feedback Release document – page load Related organisations – page load History – page load
Internal	Meetings: Search Details - with more optimisation dependant on user feedback
Internal	Projects: Search - with more optimisation dependant on user feedback Release document – page load History – page load
Internal	Contacts: History – page load

Response:
