NEW VERSION RELEASE NOTIFICATION

REGIS new version release

Date and Time:
Monday 2 September 7am-9am

Event:
REGIS (www.regis2.health.nsw.gov.au) will have a new version released to the production environment.

What is the impact to end users?
A number of fixes have been identified in production and as a result a number of 'hotfixes' have been implemented to address the following:

Internal	Opening a meeting causes the system to logout when accessed in the Application Viewer
Internal	Meeting documents that don't exist are auto-selected

The following areas have undergone optimisation in relation to system performance (speed):

Internal	Project contacts form lookup optimisations
Internal	Application contact lookup search optimisations
Internal	Get recent applications optimisations – General – recent items
Internal	Homepage application dashboard tile optimisations – Homepage – generic forms title

Response:
