### Roundtable Feedback

**Audience:** Research Office

Thank you to those who attended our first Roundtable of 2022! It was great to see so many of you in person and hope you enjoyed the variety of presentations, topics and activities on the day. We have received some great feedback so far and would love to hear from you if you have not yet provided any!

This will help us better structure future Roundtables, address topics of interest and understand what has or has not worked.

We would appreciate if you could [take this short survey](#) and thank you in advance for your feedback!

## Conducting Research in the NT

**Audience:** Research Office/Researcher

For information regarding conducting multisite, including multi-jurisdictional research in the NT, contact [NThealth.rgo@nt.gov.au](mailto:NThealth.rgo@nt.gov.au).

The MoH website also provides useful information and resources regarding NMA studies, which can be [accessed here](#).

## Research Office Contribution

We did not receive any contribution from Research Offices for this issue but that is ok!

Don't be shy! This is a great platform to let other offices know what you and your team are doing and to share any knowledge!

### Who's next?

How is your office reaching out to your local research community? Are you holding online or face to face sessions? Do you have a newsletter? Have you created any support resources?

Share these things with your colleagues, I can guarantee there are other research offices that would love to know what others are doing.

If your office is doing anything that you would like to share, please send it through to [regis@health.nsw.gov.au](mailto:regis@health.nsw.gov.au).

## Upcoming events and dates

**Audience:** Research Office/Researcher

**9 May** - REGIS Research Training: [Registrations open](#) for 9 May, 6 Jun, 12 September and 10 October Researcher training cycles

**6 July** - MRFF - Clinical Trials Activity Grant [Opportunity](#)

**6 July** - REGIS Research Office Training: [Registrations open](#) for 6 July and 28 September Research Office training cycles. [Click here](#) for training schedule.
