The National Clinical Trials Governance Framework Implementation Workshop

Audience: Research Office/Researcher

Workshops on implementation

In February 2022, all jurisdictions agreed to implement the National Clinical Trials Governance Framework (Governance Framework) in health service organisations as an embedded approach under the Australian Health Service Safety and Quality Accreditation (AHSSQA) Scheme.

This has been a great step towards consistency across all jurisdictions. The Australian Commission on Safety and Quality in Health Care team will be conducting workshops to assist you implement the Governance Framework.

OHMR Website - Ethics and Governance Page Updates

Ethics and Governance Metrics

Audience: Research Office/Researcher

The REGU and REGIS team are making ongoing updates to the Ethics and Governance page on the OHMR website. The first major change you would have noticed just completed is to the Metrics page.

The Metrics page is an excellent source of information for anything and everything related to ethics and governance metrics such as what and why ethics and governance metrics are collected, an updated metrics manual for a better understanding and metrics activity reports for the 2021/2022 financial year as well as historical reports.

Upcoming REGIS Release

Delegated Submission Functionality

Audience: Research Office/Researcher

This upcoming enhancement will allow the CPI for an ethics application and the PI for site applications to delegate the administrative responsibility of submitting applications and forms in REGIS to the managing Research Office.

The delegated submission functionality will allow up to 2 additional people to submit.

Who can be given the delegated submission functionality? Anyone with a REGIS user account who has been indicated by the CPI or PI.

Watch this sneak peek video to see more!

Research Office Contribution

We did not receive any contribution from Research Offices for this issue but that is ok!

Don't be shy! This is a great platform to let other offices know what you and your team are doing and to share any knowledge!

Who's next?

How is your office reaching out to your local research community? Are you holding online or face to face sessions? Do you have a newsletter? Have you created any support resources?

Share these things with your colleagues, I can guarantee there are other research offices that would love to know what others are doing.

If your office is doing anything that you would like to share, please send it through to regis@health.nsw.gov.au.
